

ABOUT MATTHEW LUHN

Whether you're interested in creating movies, TV shows, video games, novels, or a successful business, Matthew Luhn, Pixar story veteran, teaches story seminars, workshops, and keynotes on how to create stories with substance, structure, and style. Matthew also teaches how to build, nurture, and sustain a creative culture. Starting at Pixar in 1992, Matthew's has been developing stories and characters on Toy Story 1, 2 and 3, Monsters Inc., Finding Nemo, Cars, Ratatouille, UP, Monsters University, and film other projects in development. Past students to Matthew's classes include Apple, Disney, Microsoft, Pixar, Sony, and many, many more.

Information about Pixar Animation Studios:

With fourteen movies, all opening as the #1 film at the box office, and grossing \$7.5B worldwide, on average \$577M per title, Pixar is by far the highest per movie average of any studio in Hollywood history creating and producing thirteen movies that are both unparalleled in their box office performance and critical success.
